

DEFINITIONS

1. The term 'Seller' throughout the terms and conditions refers to . This is the company that takes it upon itself to have all the products including clothing items and accessories produced and imported, and/or has them produced and then delivered to the buyer.
2. The term 'Buyer' throughout the terms and conditions refers to an individual or company that has an agreement with the seller. More specifically, this is the individual or company who places the order and who is NOT the consumer or end user of the items purchased.
3. The term 'Delivery' throughout the terms and conditions refers to the process of getting the complete order into the possession of the buyer by delivering the order at the delivery address provided by the buyer.

APPLICABILITY

1. The terms and conditions apply to all agreements including invoices and special offers between the seller and the buyer.
2. The terms and conditions also apply to all agreements with the seller even if the execution of the order is by a third party.
3. In case of deviation of these terms and conditions, these would only apply if they are expressly approved by both parties in awritten agreement.
4. If in these general terms and conditions of sales and delivery one or more provisions was declared inapplicable then this does not affect the legal validity of any other general sales and deliveryterms and conditions.
5. In case the seller grants a deviation to these terms and conditions in favor of the buyer, the buyer derives no rights from this in the future.

NAS-2386

NAS-2387

NAS-2388

NAS-2389

PRODUCT DETAIL:

- Whether you're trying to increase your max on a deadlift, take the strain off of an annoying injury, or better engage and isolate back muscles you'll feel an immediate difference when you use a great set of weight lifting hooks.
- WELL SHAPED COATED HOOKS - These fit perfectly around standard barbells, dumbbells, and machine attachments like lat pulldown bars. The heavy duty rubber coatings eliminate pinched fingers and slipping on the weight keeping them in the same position from the first rep to the last.
- CHOOSE BETWEEN OPEN OR CLOSED GRIP - thick, fully adjustable pads cushion and support your wrist allowing you to open your hand and take the strain off of your grip (helps alleviate pain from tendinitis, golfers elbow, and causes the weight to be transferred to larger back muscles instead of your grip and forearms).
- IMMEDIATELY INCREASE YOUR WEIGHT AND REPS during deadlifts, shrugs, lat pulldowns, pullups, seated cable rows - any movements that target the posterior chain (back, traps, glutes, hamstrings).
- YOU WILL FEEL THE QUALITY ON THE FIRST REP - Comfort and Versatility
- Perfect for Crossfit, Powerlifting, Bodybuilding and Weight Lifting
